Time and the weather take their toll on your heating and cooling systems. That's why Danchuk makes some of the parts you will find here. Like our heater control valves for deluxe heaters or our heater seal kits. Our beefed up heater control levers that don't break like the originals and our heater control lever knob sets. Defroster seals, grommets, air duct to inner fender seals for '57's, radiator shim kits and more, all right here in the heating and cooling section.

You will also find air conditioning systems by Vintage Air, stainless steel fittings that won't rust by Performance Stainless Steel, replacement sending units for your gauges, thermostat housings and thermostats, replacement bug screens, radiator and heater hoses, clamps, you name it, we have it.

We offer original down-flow radiators, in copper/brass and aluminum, by US Radiator and our 100% “Made in the USA” ABS fan shrouds, designed to help keep your ride cool on hot summer days. And if a stock radiator is not enough, we offer cross-flow conversions by Be Cool to fit every budget. You will also find add on electric fans, adjustable fan thermostats, fan mounting brackets, flexible heater and radiator hose kits and to dress things up our own beautiful chrome radiator covers.
HEATER CONTROL VALVES
When reproducing our heater control valves we worked from NOS originals, originals with the clip that replaced the capillary tube. Don’t be misled by those who tell you that you have to pay a fortune to get a true original. This is not the case and Chevy proved it when they dropped the tube from production and went with the clip. If your valve had the temperature capillary tube and you want to keep it, simply remove the clip from the new valve and replace it with your own original tube.

1957 Passenger Cars ............................................................................ #013 ........................................ $47.95/ea.
1958-62 Corvette ................................................................................... #876 ........................................ $44.95/ea.

REBUILT HEATER CORE EXCHANGES
These parts require a complete, rebuildable unit be sent to Danchuk, inspected and approved, before a newly rebuilt item can be shipped to you. Turn around time on this part is usually 3-4 weeks upon receipt of your complete, rebuildable, exchanged part.

1955-56 Deluxe Reproduction ............................................... #12407 .... $189.95/ea.
1957 Deluxe Reproduction ............................................................... #12408 .... $199.95/ea.
1955-56 Deluxe .................................................................................. #10118 .... $235.00/ea.
1955-56 Standard .............................................................................. #10118A .. $235.00/ea.

1957 Standard ...................................................................................... #10119A .. $235.00/ea.

HEATER CABLES WITH STEEL CASING
A little rust, one small kink and your original is shot! These quality steel cables will bring new life to the operation of your heater. 1957 application includes vent cable with casing.

1955 ........................................................................................................ #462 .......... $34.95/set
1956 ........................................................................................................ #463 .......... $34.95/set
1957 (Shown)..................................................................................... #464 .......... $59.95/set

EZ SLIDER HEATER CABLES
EZ Slider cables feature a polyethylene lining which reduces resistance and provides maximum flexibility and instant response.

1955 ........................................................................................................ #14953 ...... $32.95/set
1956 ........................................................................................................ #14955 ...... $32.95/set
1957 ........................................................................................................ #14957 ...... $39.95/set
**Deluxe Heater Controls**

**Deluxe Heater Control Bezel**
If you want to convert your car to deluxe heating, this bezel is an important part of the assembly. For restorers who are renewing their dash, a crisp reproduction is a more economical alternative to polishing and replating.

1955-56 .................. #2557 ....... $89.95/ea.
1957 ..................... #11167 .... $164.95/set

**Deluxe Heater Assembly Fasteners**
To properly finish a rebuilt heater assembly use these original design fasteners. All the clips, sheet metal screws, and machine screws to do the job right.

1955-56 ......................................................#1036A .... $4.50/set
1957 (Shown) ................................................#1036 .......... $4.50/set

**Deluxe Heater Control Knob Sets**
The finishing touch to your billet dash or a great custom touch all by themselves. Replace your plastic knobs with these 5-piece billet sets.

1957 Polished Aluminum, 5-Piece Billet ...................#15584 ..... $79.95/set
1955-56 Polished Aluminum, 4-Piece Billet ...............#15585 ..... $76.95/set

**Lens Backing Plate for Deluxe Heater**
This plate installs behind the heater lens and is sometimes missing.

1955-56 ................. #15548 ...... $3.50/ea.

**Deluxe Heater Control Cable Retainer Clips**
Cable retainers are often missing or broken. To order single retainer clip, order part #15594 or part #15595 for the complete 4-piece set needed to handle all cables for deluxe heater control panel.

1957 ...................... #15594 ........ $5.50/ea.
1957 4-Piece .............. #15595 .... $19.95/set

**Deluxe Heater Lever Pin & Spring Repair Kit**
This kit is used on deluxe heaters only and includes the pin that the control levers pivot on as well as the spring and retainers.

1955-56 .................. #15547 .... $5.95/kit

**Deluxe Heater Cable Clips**
For deluxe heater controls only.

1955-56 Double . #15986.......$6.49/ea.
1955-57 Straight Tab, Single ........................................ #15987.......$5.49/ea.

This cable clip set comes with 4 straight tab single cable and 1 double cable clip with screws.

1955-56 5-Piece. #15988 .... $24.95/set
HEATING

HEATER BOX RETAINERS
1957.................................................................#2253 ........ $16.95/pr.

HEATER BLOWER MOTOR RESISTOR WITHOUT AIR CONDITIONING
If you are getting only one speed, or nothing at all, from your heater blower motor this could be the problem. Danchuk #16216 will work on any model 1955-57 classic Chevy with a heater and no air conditioning as well as other Chevy vehicles from 1938-1975 you may have in your collection.
1938-1975.........................................................#16216 ......$12.95/ea.

HEATER HOUSING TO INNER FENDER RETAINER
1957.......................... #2254......... $7.95/ea.

HEATER CONTROL LEVERS
Lets face it, frequently used parts wear out! If your heater is acting like it is 50 years old, replace those old levers and get it working like it should.
1955 (Shown)..... #465......... $20.95/pr.
1956................. #466......... $20.95/pr.

HEATER CONTROL LEVER KNOBS
These knobs are injection-molded black plastic. 1955 and '56's include mounting hardware; ’57 knobs push on without set screws. These are must-have items when replacing the heater levers, shown below.
1955-56, '55-56 Truck
.............................. #612......... $9.95/set
1957......................... #955......... $17.95/set

HEATER SEALS
Put heat and rubber together and you have an assembly that requires periodic attention. If your heater leaks more warm air than it delivers, it’s time to rebuild it with these quality rubber seals. 1955-56 sets include defroster seal. Made in the USA.
1955-56 Standard Heater.............................................#323 ...... $17.95/kit
1955-56 Deluxe Heater...............................................#322 ...... $18.95/kit
1957 Standard Heater..................................................#325 ...... $13.95/kit
1957 Deluxe Heater (Shown)........................................#324 ...... $13.95/kit

HEATER BLOWER MOTOR SEAL
This seal, located between the heater blower and the heater transition assembly, is usually in bad shape and should be replaced when rebuilding the assembly.
Made in the USA.
1957 .................... #327 ............ $4.50/ea.

HEATER BLOWER MOTORS
Nothing could be more frustrating than having a heater on the blink. These quiet, smooth operating motors will be much appreciated on cold winter days.
1955-63 w/ Air Conditioning, w/o Fan ....................................... #2077 ...... $29.95/ea.
1955-63 w/ Air Conditioning, w/o Fan (Shown) ........................ #2078 ...... $35.95/ea.
1955-56 Original, Rebuilt, w/ Fan (Shown) ..................................#12565.....$149.95/ea.
1957 Original, Rebuilt, w/ Fan .................................................#12566.....$149.95/ea.

HEATER BLOWER HOLE COVERS
1957 Cad Plated #11234 ...... $28.95/ea.
1957 Chrome Plated ................................................. #11235 ...... $42.95/ea.

HEATER MOTOR MOUNTING SCREWS
1957 .................... #2888 ......... $6.95/set

BLOWER SWITCHES
If you've got a deluxe heater in your classic, don't let a little thing like the blower switch keep you from warming up. These little parts are life savers in the winter.
1955-56 .................................................................#10213..... $33.95/ea.
1957 ..............................................................................#10214 ...... $45.95/ea.
1957 Heater/Duct Seal Location

#326 Air Inlet Sleeve - Fits joint between forward and rear air duct both sides.

#548 Inner Fender Air Duct Seal - Fits the hole in the inner fender that forward air duct passes through to prevent squeaking. Installs originally with six staples each side.

Included in #324 Heater Seal Kits. Rear air duct to firewall seals, glued to the firewall on both sides.

FRESH AIR VENT ASSEMBLY

Tired of searching the swap meets for your fresh air vent assemblies? Look no further. These repros are true to the originals and come assembled with seals already installed. Though correct for the 1956 they will also work for 1955’s as a replacement (55’s used a different knob).

Made in the USA.

1955-56 w/Cable, Driver & Psngr ..........................................#16036 .....$119.95/set

1956 Driver ...... #14198 ..... $99.95/set
1956 Passenger. #14199 ..... $99.95/set

FRESH AIR VENT ASSEMBLY WITH CABLE

These fresh air vent assemblies come as a pair complete with cables. They will work for both 1955 and 56 but the cables are only correct for 1956. The 1956 cable used a ribbed knob, the 1955 used a smooth knob. (Use Danchuk #14035 vent cables for a correct 1955 installation.)

1955-56 w/Cable, Driver & Psngr ..........................................#16036 .....$119.95/set

1956 Driver ...... #14198 ..... $99.95/set
1956 Passenger. #14199 ..... $99.95/set

FRESH AIR VENT CONTROL CABLE

These are used to open the fresh air vents on cars that were equipped with the standard recirculating heater and include the knob. 2 required per car.

1957 .........................................................................................#15637 .......$31.95/ea.
UNDERDASH HEATER DUCT
This restored original duct is the one that directs hot air to your feet and has the flapper that directs air to the defroster duct #12376. Fits deluxe heaters only.
1957 Restored ... #12377 .... $164.95/ea.

UNDERDASH DEFROST DUCT
This restored defroster duct directs air to the windshield and attaches to pn# 12377. Fits deluxe heaters only.
1957 Restored ... #12376 .... $164.95/ea.

HEATER CORE HOUSING DUCT
1957 Restored ... #14794 .... $115.95/ea.

AIR DUCT DRAIN TUBE
1957 .................... #12605 ...... $18.95/ea.

AIR INLET DRAIN TUBE GROMMETS
Without this grommet the drain tube will become loose and rattle.
1957 .................... #334 ....... $2.50/pr.

FRESH AIR DUCT CABLE RETAINERS
Use these spring steel clips to correctly connect the fresh air cables to your vent assembly.
1957 .................... #1204 ....... $3.95/set

VENT CABLE TO DASH SCREW AND WASHER KIT
1955-56 ............... #2895 ... $5.95/kit

CLUTCH HEAD HEX Bits, SCREWDRIVER PUSH-ON TOOL
Includes sizes 3/16”, 5/32” and 1/8”. All .................... #2902 ... $24.95/set

KICK PANEL VENT DOOR SEALS
Made in the USA.
1955-56 ............... #10455 .... $9.95/set

AIR INLET HOSE
Fits between heater blower and outside air duct.
1957 Original, 4-1/2” ..................... #10851 .... $14.95/ea.

HEATER DEFROSTER SEAL
This much-needed seal, located between the heater distributor assembly and the dashboard vent assembly, dries out and needs periodic replacement. Without it the defrost function on the heater will not operate.
1957 .................... #796 ....... $7.50/ea.

AIR DUCT-TO-INNER FENDER SEALS
Without this important part of the assembly, your air duct can only deliver rattles! Made in the USA.
1957 .................... #548 ....... $5.95/pr.

### THERMOSTATS
- All 160°: #082, $7.95/ea.
- All 180°: #083, $7.95/ea.
- All Gasket: #084, $2.50/ea.

### ADJUSTABLE FAN THERMOSTAT
For use with electric fans. Probe mounts in stock drain plug hole on the radiator. Adjustable temp makes sure the fan runs when needed.
- All: #085, $48.95/ea.

### ALUMINUM THERMOSTAT HOUSINGS
- All 15° Swivel: #12505, $16.95/ea.
- All 45° Swivel: #12124, $17.95/ea.
- All 90° Swivel: #12125, $17.95/ea.

### STAINLESS THERMOSTAT HOUSINGS
- 1955-57 15 Degree, Satin (Shown): #14777, $146.95/ea.
- 1955-57 15 Degree, Polished (Shown): #14778, $168.95/ea.
- 1955-57 45 Degree, Satin: #14779, $139.95/ea.
- 1955-57 45 Degree, Polished: #14780, $160.95/ea.
- All Straight-Up, Satin: #15299, $103.95/ea.
- All Straight-Up, Polished: #15300, $124.95/ea.

### TEMPERATURE SENDING UNITS
Original design in fit and function.
- 1956: #093, $26.95/ea.
- 1957: #094, $26.95/ea.

### STAINLESS WATER NECK BOLT KITS WITH BOWTIE
- All 45°, Small Block: #14289, $5.95/kit.
- All 90°, Small Block: #14290, $5.95/kit.

### THERMOSTAT HOUSING 0-RING
Replacement O-ring for all stainless thermostat housings.
- All: #15306, $3.50/ea.
FAN SHROUDS
We are proud of our 100% Made in USA fan shrouds. Made of durable 3/16" ABS plastic, these shrouds feature a smooth finish for that original look. The fit and quality is the best on the market, with slots cut narrower and deeper for an extra secure fit. The top and bottom of each shroud is cut deeper allowing for a better seal against the radiator. All this eliminates the need for any extra clips or drilling, making this a simple bolt-on installation. Made in the United States of America.
1955-57 V8 ..............................................................................#2428 .... $99.95/ea.

MONSTER FANS
Designed to cool Vintage Air’s 200 MPH Studebaker and handle up to 950 horsepower, this Monster should keep any hot rod cool. The Monster 18" fan blade moves an amazing 3700 CFM, and with its adjustable mounting bracket (19-3/4" to 28"), it should be a breeze to adapt to just about any radiator. Comes complete with wiring harness, adjustable thermostat, electric relays and circuit breaker. The Monster is available with either a chrome or black painted bracket. Shroud not included.
All 18", w/ Standard Bracket .................................................#13422 ... $309.95/ea.
All 18", w/ Chrome Bracket ...................................................#13423 ... $320.95/ea.

MONSTER FAN KITS WITH SHROUDS
Designed for 6 cylinder core support.
1955-57 w/ Standard Bracket ...............................................#13420 ... $409.95/kit
1955-57 w/ Chrome Bracket ..................................................#13421 ... $409.95/kit

STEEL FAN SHROUDS
The best of the best! Due to the huge success and customer satisfaction created by our ABS shrouds we pulled out all the stops and made them the way Chevy would have. These beautiful shrouds are made from top quality thick steel, powder coated black and are custom fit for your application. With an 18 ¾" opening you’ll have no trouble with fan clearance. Patent pending. Made in the USA.
1955-57 V8 in 6 Cyl. Core Support ..............................................#16625 ... $99.95/ea.
1955-57 V8 in Stock Position ...................................................#16626 ... $99.95/ea.
1955-57 V8 in Stock V8 Core Support, w/ #11236 6-Cyl Position Conversion Brackets ............#16626 ... $109.95/ea.

POLISHED FAN SHROUD
This polished, chrome plated shroud is designed to fit early and late model cars in the V8 position only. Mounting hardware is included.
All 3" x 20" Diameter ......................................................#2286 ... $21.95/ea.

FAN MOUNTING BRACKETS
1955-57 ........................................#11236A .... $67.95/pr.
PAINLESS F5 DUAL FAN CONTROLLER
Electric cooling fans have become a mainstay when it comes to keeping any type of vehicle's engine cool. This state-of-the-art fan control system includes an under hood rated solid state pulse width modulation controller, 3/8 NPT threaded temperature sensor, large gauge fan wires and a labeled vehicle integration wire harness, mounting hardware and 70 Amp fuse and connectors. The 16322 Dual Fan Controller is rated to control two 35 Amp cooling fans. Controller features include dual cooling fan control from 50% up to 100%; A/C compressor override that runs the fans at 100% duty cycle if air conditioning is kicked on. The 16322 kit also includes a three position toggle switch that gives you manual control of the cooling fans; position one is 100% fan on, position two is normal operation and position three is 0% fan or fan off. The 16323 controller features include controlling one large fan from 50% up to 100% dependant on your engine temperature. Also included in either kit is a three position toggle switch that gives you manual control of the cooling fans; position one is 100% fan on, position two is normal operation and position three is 0% fan or fan off and a push button switch which is used to set the vehicle speed at which you like the cooling fans to shut off above.

All Dual Fan (Shown)..............................................................#16322.... $249.95/kit
All Single Fan..........................................................................#16323.... $249.95/kit

CHROME ELECTRIC FANS
Chrome fans feature chrome electro-plated shrouds and chrome plated motor covers. Fans are available with either straight or S-blades and make a great addition to any engine compartment. Fans are reversible. Mounting hardware and harness not included.  
All 16", Straight Blade, 2300 CFM ...........................................#13658.....$119.95/ea.
All 14", Straight Blade, 1500 CFM .........................................#13660.....$89.95/ea.

FAN-THOM II ELECTRIC FAN CONTROL KIT
Fan-Thom fan controls offer you clean, simple and safe fan controller for your electric fans. The supplied thermostat threads into the engine or cooling system for a professional installation.

All 200 degree ... #14615 ......$71.95/kit
Note: Turns fan on at 200° & off at 185°.
All 185 degree ... #14616 ...... $69.95/kit
Note: Turns fan on at 185+F75° & off at 170°.

FAN SPACERS
1955-57 1/2" ...... #12165 ...... $15.95/ea.

DUAL ELECTRIC FAN KITS
Best suited for crossflow conversion, these dual 12" electric fans come in either a puller or pusher configuration and measure 26-1/4" by 15-1/2 by 2-5/8" thick. Fan kits are available with or without fan controls. Mounting hardware and fan controls included.
All Puller, w/ Relay & Thermostat, 2500 CFM .........................#13453 ..... $333.95/kit

X-TRÊME S-BLADE FANS WITH CONTROLS
This improved version of the dual 12" fan flows 3000cfm and is perfect for crossflow conversions. Fans are reversible for flexible mounting and come with or without controls. Includes adjustable thermostat, A/C relay & variable speed control. Customers must supply their own fan controller with part #15054.
All 12", with Controls, Reversible .........................................#15053 .... $449.95/ea.
All 12", without Controls, Reversible ....................................#15054 .....$374.95/ea.

AIR CONDITIONING RELAY KIT FOR ELECTRIC FANS
This relay automatically engages the fan when the A/C is turned on.
All .......................... #13458 ......$18.95/ea.

PROGRAMMABLE FAN CONTROLLER WITH LED READOUT
This fan controller is programmable and will work with either single or dual fan applications. Set what temp the fan(s) turn on/off as well as having the fans stay on for up to 5-minutes after the engine is shut down. Digital temp readout makes set up a breeze and it will work with your existing temp gauge and sending unit.
All .......................... #15123 ......$99.95/ea.

ELECTRIC FAN KIT
The Flex-A-Lite Black Magic Xtreme fan out performs typical cage fans by 45%-50%, and provides consistent cooling regardless of engine speed. Get more power and better mileage by replacing your stock fan. Includes adjustable thermostat, A/C relay and manual switch. Available in Puller version only. Recommended for 6-cylinder position radiators. Measures 21-1/2" by 17-1/2" by 4-3/16".
All w/ Relay & Thermostat, 3300 CFM ............................#13452 ....$305.95/ea.

S-BLADE ELECTRIC FAN
These S-Blade fans can be used as a primary or auxiliary fan. The 16" Syclone pulls 2500CFM which makes it strong enough to replace your belt driven fan, freeing up horsepower and increasing mileage. Both fans are reversible (push/pull).
All 14", w/o Relay & Thermostat, 1530 CFM ....... #13457 ......$99.95/ea.
All 16", Syclone, 2500 CFM w/o Relay & Thermostat .............................. #12168 .... $161.95/ea.
**ELECTRIC FAN RELAY KIT**
This fan relay kit can be used either manually or in conjunction with a temperature sending switch. Designed for use with a fused power source. Full instructions for both the switched and manual operation are included.

All....................... #12344 .......$21.95/kit

**BE COOL’S ELECTRIC FAN CONTROLLER**
Be Cools revolutionary, custom programmable fan controller allows a single SPAL cooling fan to vary speed based on engine temperature thereby increasing fan life while decreasing under hood noise. The part #13782 also utilizes the OEM water temperature sensor eliminating the need for a second sensor. Controls the second fan (on/off only) with included relay. With an air conditioning input, secondary fan output, and waterproof aluminum construction the #13782 is the perfect addition to any cooling fan system.

All Adjustable, for Dual or Single Fans.................................#13782 .... $289.95/ea.

**ELECTRIC, VARIABLE SPEED FAN CONTROL**
Sets fan speed from 60%-100% depending on thermostat setting. Reduces charging spikes and current load. Runs your cooling fans 30 seconds after your car is turned off to reduce heat soak.

All.................................................................#13459.....$134.95/ea.
U.S. RADIATOR DOWNFLOW

ALUMINUM RADIATORS

Aluminum Downflow radiators feature fully welded construction (no epoxy) and dual 1" tubes. Radiators are available in either a standard or Tripleflow configuration. Tripleflow radiators achieve the maximum temperature drop by creating walls which force the coolant to pass through the core 3 times resulting in greater temperature reductions. Aluminum radiators do not have transmission coolers. An auxiliary cooler will be required so be sure to check out our transmission coolers on page 339. When mounting #13274 the hood baffle may require modification.

Made in the USA.

1955-57 V8 .................................................................................#13262 .....$475.95/ea.
1955-57 Triple Flow, V8 .............................................................#13266 .....$554.95/ea.
1955-56 V8 in 6 Cyl. Position .................................................#13270 .... $475.95/ea.

DESSERT COOLER RADIATORS

They drop right into your favorite tri-five and feature the lastest cooling technology. V-8 owners can choose from either standard or high-efficiency styles. High efficiency models are recommended for A/C and performance applications. Each unit includes side shims, transmission line fitting, petcock and drain hose making for an easy installation. If the radiator is mounted on the engine side of the core support, you have a V8 core support. If it's on the grille side, then it's a 6 cylinder support. Radiators fit both standard and automatic transmission equipped cars, and don't forget to order a fan shroud, parts #2428 and #2537 for the best in cooling performance. Made in the USA.

1955-57 V8, 4 Row ...............................................................#399 ...... $399.95/ea.
1955-56 Hi-Efficiency, 3 Row, 6 Cyl......................................#336 ...... $399.95/ea.
1955-57 Hi-Efficiency, 4 Row, V8 Position .......................#337 ...... $459.95/ea.
1955-56 Hi-Efficiency, 4 Row, V8 in 6 Cyl. Position .............#12072 .... $399.95/ea.
1957 Hi-Efficiency, 4 Row, V8 in 6 Cyl. Position ...............#12072A . $399.95/ea.

GRIFFIN ALUMINUM RADIATORS

These HP series radiators feature a high efficiency core with two 1.25 inch tubes, and a core thickness of 2.75 inches. Aluminum radiators include side shims, transmission line fittings, petcock and drain hose. Radiators fit standard and automatic equipped cars and are compatible with Danchuk fan shrouds, part #2428 and #2537 on page 261.

1955-57 V8 .................................................................#733 ...... $634.95/ea.
1955-56 6 Cyl. .....................................................................#734 ...... $634.95/ea.
1957 6 Cyl. .........................................................................#735 ...... $634.95/ea.

BE COOL RADIATORS
An OEM radiator just isn’t designed to cool a high-horsepower engine, and overheating can take the fun out of driving your classic very quickly. Now, Be Cool has your answer. A high-quality Be Cool radiator will not only lower your temp, but their technology produces radiators that are 40% lighter than copper brass OEM units. Their epoxy free construction provides better heat dissipation while allowing complete repairability. Available in standard finish or polished. Installation note: 1957 6 cylinder installs will need to modify the hood baffle for clearance of the inlet, all Be Cool radiators use dual 1-inch cores.

BE COOL ALUMINUM DOWNFLOW RADIATORS
When mounting in the 6 cylinder position on 1957’s, the hood baffle may require modifications.
1955-57 Standard, V8 & 6 Cyl. Position .................................................... #13762 ... $495.00/ea.
1955-57 Auto, V8 & 6 Cyl. Position .......................................................... #13763 ... $695.00/ea.

1955-57 Auto ...........................................................................#13765 .... $695.00/ea.
1955-57 Auto, Polished ..........................................................#13775 .... $849.95/ea.

ALUMINUM CROSSFLOW RADIATOR CONVERSION MODULES
Be Cool’s Super Street Series Power Cooling Module assemblies are designed to cool vehicles with up to 700 dyno-rated horsepower. Each kit contains a Be Cool aluminum dual 1” core crossflow performance radiator with oval fluted tubes, a dual 11” electric puller fan set with vented shroud for highway cruising, a set of fan mounting brackets with hardware, a diamond cut, vented coolant recovery tank, a primary fan wiring harness with a 40 amp relay, a secondary wiring harness to independently control the second fan and to top it all off a Be Cool Billet radiator cap. Available in standard finish or polished. Picture is representation only. 1955-57 radiator is slightly different.
1955-57 Standard ...................................................................#13758.. $1295.00/ea.
1955-57 Auto ...........................................................................#13759.. $1425.00/ea.

1955-57 Auto, Polished ..........................................................#13769.. $1595.00/ea.

POLISHED STAINLESS STEEL COOLANT OVERFLOW TANK
This polished stainless steel overflow tank was designed to be kept out of view but it’s so beautiful you’ll want to show it off. One quart capacity tank with a precision knurled cap and a highly polished finish. Approximately 18-3/4” long, mounting hardware included.
All ............................................ #1274 ........$45.95/ea.
CROSS-FLOW POLISHED RADIACTOR CONVERSION MODULES

BeCool now offers you the ultimate in cross-flow conversion modules. Each system comes fully polished and completely assembled with an aluminum core support, radiator, recovery and reservoir tanks and chrome plated fan shroud with aluminum motor covers. Kits are available with or without A/C condenser and with or without integral transmission coolers. Everything you need to keep your hotrod cool. Be sure to order enough BeCoolant, part #15562 on page 456, to properly protect your investment.

HOSE ADAPTERS
In-Line hose adapters provide a threaded fitting for temp senders or fan switches. Features two 1/4” threaded ports for sending units.
All In-Line, Upper, for Temperature Sender .......... #15055 ..........$39.95/ea.
All In-Line, Lower, for Temperature Sender .......... #15056 ..........$39.95/ea.

SEE PAGES 390-392 FOR RADIATOR CORE SUPPORTS, FILLER PANELS, SUPPORT BARS, AND STRAP ASSEMBLIES.
FLEXI-KOOL
RADIATOR HOSE KITS
Flexi-Kool Hose kits are made of ribbed stainless steel which won’t freeze or crack. Flexi-Kool hoses ribbed design improves cooling which helps prevent overheating and possible engine damage. Hoses can be formed to any angle or length while reducing installation time and maintenance costs. No longer do you have to search to find a hose that you can make-work. Just order a Flexi-Kool hose kit for downflow or crossflow radiator conversions and you know you’ll have the right hose all the time. Kits are available in chrome, black, red and yellow. 48” hose kits make 2 hoses. Dress caps are also available separately, shown below. Makes 2 hoses.

COMPLETE 134A AIR CONDITIONING UNITS

Designed specifically for your classic Chevy. System attaches to existing holes in dash and firewall without drilling. These kits now use the fully electronic GEN IV Sure Fit System, which features an electronic conversion for stock heater control levers which eliminates all control cables. Separate heating and cooling coils and SPAL permanent magnet blower motor gives you maximum capacity and performance. To order, call our customer service department with your application. Ask your customer service rep for more information. These kits come in 3 box sets, and 2 of the 3 boxes need to be shipped oversized which incurs an extra shipping charge.

1955-56 .................................................................#2437 .... $1329.95/kit
1957 .................................................................#2439 .... $1329.95/kit

Note: The 55 with original 265 V8 with oil filter option requires a special order kit.
