Ask anyone who owns one of the classic cars and they will tell you that how the car looks under the hood is just as important as how it looks inside and out. In the under the hood section you will find just about anything you need to dress up and restore the engine compartment of your classic, including the all important rubber items that Danchuk has been making for years. Hood bumpers, wiring grommets, firewall grommets, firewall seals; all the necessary under hood rubber items are here in the under the hood section.

We have replacement bolt sets, cowl tag rivets and brand new “Made in the USA” hood springs, along with new original style hood hinges, in steel and stainless, as well as some really trick billet hinges by Eddie Motorsports and the Ring Brothers. We have custom billet hood baffle kits, hood braces and hood support braces along with brand new hood latch assemblies to replace a worn out original. Custom valve covers by Edelbrock, along with breathers to match, and complete engine dress up kits by Pro-Form. Billet breathers, polished valve covers, valve cover wing nuts, valve cover gaskets, original valve cover stencils and heat barrier products from Thermo-Tec. Heck, we even have a replacement firewall panel with a 4” set-back for those fire breathing Big Block and tall valve cover Small Block installations making Danchuk a true “One Stop Shop”
FIREWALL BOLT SET
Our set includes all the hardware needed to attach everything from the dimmer switch to a standard master cylinder. All flat washers, split washers, split lock washers, and fasteners are made of stainless steel.
1955-56 ............ #2258 ...... $19.50/set

FIREWALL-TO-HOOD SEAL CLIP SETS
These are for use with the firewall to hood seals, parts #555 and #556, found below.

1955 Firewall Grommets

**COWL VENT GROMMETS**
Don’t allow your cowl vent to rattle! As old grommets age they shrink and leave excess play that you’ll hear every time you drive your car. Replace those “originals,” an old rubber part has no value on the collector’s market!

1955-56 .............. #234 ........... $4.50/set

**COWL TOP OUTER CORNER RUBBER BUMPERS**
These grommets plug two holes in the cowl top, keeping water out of the cowl vent area.

HOOD BAFFLE KITS
For the discriminating builder, these beautiful “Baffle Boy” hood baffles will set your car apart from the crowd. CNC machined from 6061-T6 aluminum, these baffle kits are designed to replace your existing sheet metal hood baffle. Baffle Boy’s beautifully designed kits come polished or machine finished (“unpolished”) and CERMAKROME® finished. CERMAKROME is a baked ceramic finish that gives you a chrome like appearance that is not possible with clear anodizing or powder coating and should require very little if any maintenance. Custom hood baffle kits come complete with adjustable hood bars. All kits include brackets, button head stainless hardware and complete installation instructions. Made in the USA.
